

Benefit Estimates/Benefit Calculator

Index	10.0
Page	1 of 1
Date	07/08

Introduction

If an employee is interested in getting an estimate of his retirement benefit or DROP deposit, you will find the information needed to provide him with an estimate in this section.

TRSL will provide the employee with the requested estimate if the employee is within three years of retirement eligibility. The TRSL benefit calculator will allow you to enter data to calculate an unofficial projection of a member's retirement benefit.
